#### Climate Change and Human Health Literature Portal

# Sustainability should be integral to nutrition and dietetics

**Author(s):** Holdsworth M

**Year:** 2010

Journal of Human Nutrition and Dietetics : The Official Journal of The British

Dietetic Association. 23 (5): 467-468

**Source:** http://dx.doi.org/10.1111/j.1365-277X.2010.01114.x

### Resource Description

#### Communication: M

resource focus on research or methods on how to communicate or frame issues on climate change; surveys of attitudes, knowledge, beliefs about climate change

A focus of content

Communication Audience: M

audience to whom the resource is directed

Policymaker

Exposure: M

weather or climate related pathway by which climate change affects health

Food/Water Security

Food/Water Security: Food Access/Distribution

Geographic Feature: M

resource focuses on specific type of geography

Arctic

Geographic Location: M

resource focuses on specific location

Non-United States

Non-United States: Europe, Non-U.S. North America

European Region/Country: European Country

Other European Country: Scotland

Health Co-Benefit/Co-Harm (Adaption/Mitigation): 

■

## Climate Change and Human Health Literature Portal

V

specification of beneficial or harmful impacts to health resulting from efforts to reduce or cope with greenhouse gases

A focus of content

Health Impact: M

specification of health effect or disease related to climate change exposure

Diabetes/Obesity, Malnutrition/Undernutrition

Intervention: M

strategy to prepare for or reduce the impact of climate change on health

A focus of content

mitigation or adaptation strategy is a focus of resource

Adaptation

Resource Type: M

format or standard characteristic of resource

Policy/Opinion

Timescale: M

time period studied

Time Scale Unspecified
